Saul's Seeds

Come to you in plain envelopes and packages and are carefully tested and selected from the most reliable sources that our experience of over 50 years in the business can obtain. Every five-cent envelope and pound package is weighed up from the bulk when the order is received. No packages already measured out and sealed carried in stock, excepting some varieties of flower seeds that are so small in size, light in weight and expensive that they have to be measured or counted to sell in small lots. This is done before the seed season opens to save time but only in the case of expensive seeds. It has always been our policy to publish only small and inexpensive catalogues with just a brief description of what we have to offer, allowing our customers to reap the benefit of the difference of the cost of an expensively illustrated booklet, and the low prices and high quality of SAUL'S SELECT SEEDS. Why pay extra for extensive advertising and costly catalogues?

**First in Purity
First in Germination**

Seeds Delivered Free by Parcel Post

We will deliver free to any place within 300 miles of Syracuse by parcel post or express (our option), all vegetables and flower seeds in packets; ounces, $\frac{1}{4}$ lb., $\frac{1}{2}$ lb., 1 lb., and 2 lb., packages at the prices in this catalogue.

TERMS

Our Terms are Strictly Cash with the Order. We do not send C. O. D., as the cost of collecting return charges is quite an unnecessary item of expense and the prices being given, we can conceive of no necessity to warrant goods being so sent.

HOW TO SEND MONEY

Remittances may be made at our risk by any of the following methods, viz: **Postal Money Order, Draft on New York or Chicago, or Express Company's Money Orders, or cash by Registered Letter.** We accept clean postage stamps the same as cash in amounts of \$1.00 or less.

The rates charged for Postal Money Orders and Express Money Orders are now so low that these are the best way to remit. We will bear the expense of sending money in either of these ways. Deduct the cost of the order from amount sent, Express Money Orders can be obtained at all offices of the principal Express Companies. They are **cheap and absolutely safe.**

GUARANTEE

Complaints made that seeds are not good, should quite as often be attributed to other causes than to the quality of the seeds. There are hundreds of contingencies continually arising to prevent the best seeds always giving satisfaction, such as sowing too deep, too shallow, in too wet or too dry soil; insects of all descriptions destroying the plants as soon as or before they appear; wet weather, cold weather, frosts, chemical changes in the seeds induced by temperature, etc. For the above reasons it is impracticable to guarantee seeds under all circumstances.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

NOTE

In the absence of descriptions of the following varieties of Garden Seed listed and in an endeavor to help make your selections, we have marked such varieties with an asterisk (*) which we consider exceptionally fine and that have been the most selected and recommended by our customers in the past. Culture directions for any of these vegetables may be found on page 11.

KEY TO ABBREVIATIONS

- a. means **Annuals**. These attain full growth from seed, flower and die the first year.
- b. means **Biennial**. These grow from seed the first year, bloom and die the next, though some varieties bloom the first year, if sown early enough.
- p. means **Perennials**. These grow from seed, and flower annually for a number of years. They bloom the season after sowing, but can be had in flower the first season if planted early in moderate heat.

gr. means **Greenhouse Plants**. Start inside and cultivate in pots, or else transplant outside when danger of frost is over.

c. means **Climbers**.

og. means **Ornamental Grasses**.

ms. means **Palms**.

(*) means in the absence of descriptions of the following flower seeds and to help you make your selections, we have marked (*) such varieties which we consider exceptionally fine for the average garden.

(NOTE—In ordering the following varieties of Flower Seeds, please use our catalogue number)

AGERATUM (a)

One of the best of Summer-flowering plants grown from seeds. The plants start readily, grow rapidly and soon come into bloom, and when they begin to bloom they flower uninterruptedly throughout the season. During the hot, dry Summer months there are no brighter or more freely produced flowers.

*149. **Ageratum—Mixed. Pkt. 5c.**

SWEET ALYSSUM (a)

*138. This is one of the finest hardy annuals we have, and is beloved by many on account of its modest blossoms very similar to white Forget-Me-Nots. Pleasantly fragrant; just the thing for personal adornment for the early breakfast table. Begins to blossom early in season; blooms more or less constantly until Fall. **Pkt. 5c.**

137. **Golden Alyssum (p). Pkt. 5c, oz. 75c.**

AQUILEGIA (p)

(Columbine)

Elegant, H. P., of easiest cultivation, 1½ to 3 feet.

136. **Finest Mixed. Pkt. 5c.**

ANTIRRHINUM (b)

(Snapdragon)

The Antirrhinum is one of our most showy and useful plants for the Summer garden, continuing in bloom the whole season, 1½ ft.

*157. **Tall Finest Mixed. Pkt. 5c, oz. 50c.**

*156. **Dwarf Finest Mixed.** The dwarf sorts are excellent for bedding purposes. **Pkt. 5c, oz 50c.**

ASTERS (a)

Queen of the Market Aster or Earliest of All. The flowers are of good size, double, and are borne on long stems.

180. **Mixed. Pkt. 5c.**

Giant Comet or Poodle Asters. This class is one of the handsomest of the tall-growing sorts. The plants grow about 18 inches high and bear in great abundance their immense flowers. These flowers, with their long, twisted petals, strikingly resemble Japanese Chrysanthemums.

174. **White. Large pkt. 10c.**

175. **Rose. Pkt. 10c.**

176. **Dark Blue. Pkt. 10c.**

Showing the Glossy Matted Lawn from Using Saul's Central Park Lawn Seed.

Saul's Lawn Grass Seed

To have a fine lawn it is essential to give particular attention to the preparation of the soil, light and fine on the surface, proper drainage and fertilizing (the best lawn fertilizer should be used) rolling, and selection of seed that will produce a short, velvety appearance during the entire season, from Spring until late in the Fall.

As some grasses are more luxuriant in spring, others in summer, others in autumn, it is necessary to exercise the greatest care and caution in selecting a mixture that will produce the above velvety appearance.

From the middle of March to the middle of May is the most favorable time to sow lawn seed.

It can also be sown in the Fall, but must be sown early enough to give the young grass a chance to become well established before the Winter sets in.

The lawn should be gone over with a heavy roller every Spring, as Winter frosts loosen the soil, and rolling is necessary to compress it again.

No lawn is beautiful without frequent rolling and mowing.

Lawn Seed should be sown when the ground is moist, or before a rainfall, at the rate of one pound to every square rod.

Saul's Central Park Mixture

This mixture is the result of years of mixing and testing lawn grasses. We have the correct combination adapted to suit most any soil or situation, and it will produce a rich heavy matted, deep rooted velvet lawn, in three or four weeks time from sowing.

Our Central Park Mixture is composed of heavy, choice, re-cleaned seeds, contains no chaff or weed seeds, and weighs much more than the legal weight per bushel.

Price, 40c per lb.; 5 lbs. \$1.75. Parcel Post, \$1.85.

Saul's Shady Mixture

This is a combination of fine grasses which thrive under the shade of trees or buildings where there is little sun. It succeeds in shady places where others fail. The grasses stay green—do not die out—resist drought, because they are deep rooted.

Price, 50c per lb.; 5 lbs. \$2.25. Parcel Post, \$2.35.

Fancy Grasses

We also carry a full line of these including White Clover, Kentucky Blue Grass, Fancy Red Top, Rye Grass Meadow Fescue, and many others. Write for prices.

Lawn Requisites

LAWN FERTILIZERS. We carry a large stock of commercial fertilizers for lawn and garden including Pulverized Sheep Manure, Bone Meal also Arcadian Sulphate of Ammonia recommended to eliminate weeds and increase grass growth. Write for prices and descriptive booklet.

Lawn Mowers, Lawn Rollers, Garden Hose, Hose Reels, Hose Nozzles, Lawn Sprinklers.

We also carry a complete line of these. Write for Prices.
